

VYTLESKÁVÁNÍ

3)

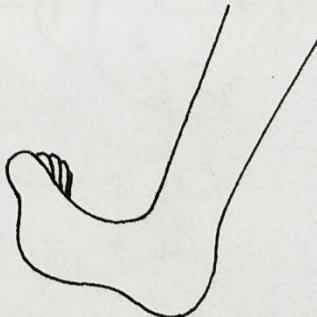

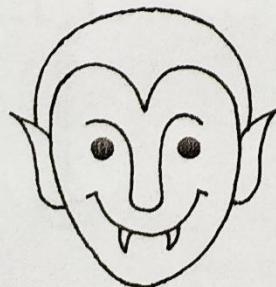

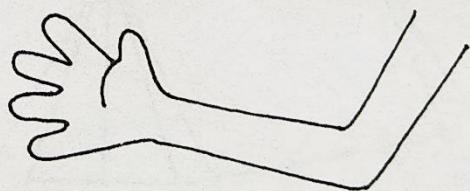

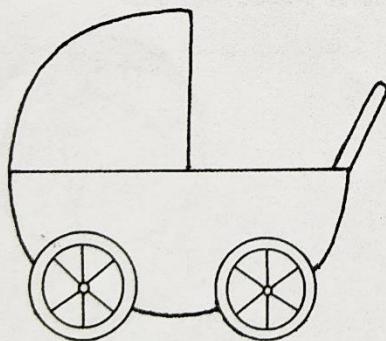

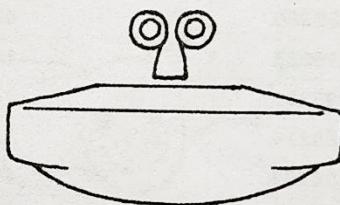

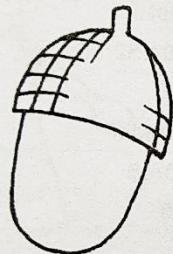

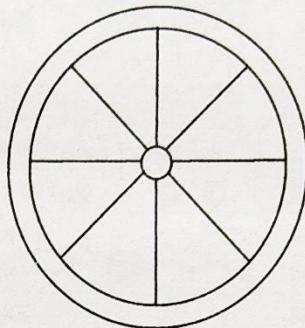

Každý obrázek nejprve nahlas pojmenuj a poté zkus všechna slova vytleskat.

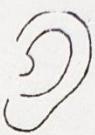

SLOVA S HLÁSKOU U

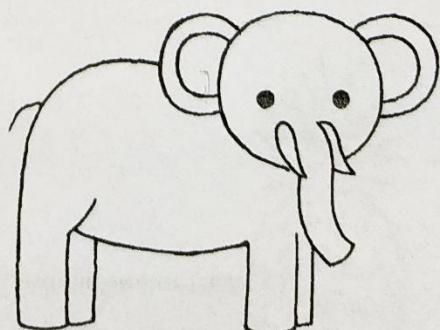

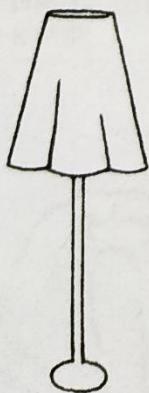

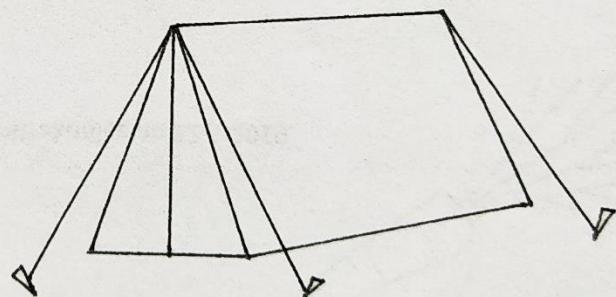

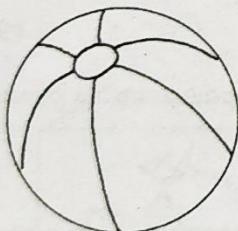

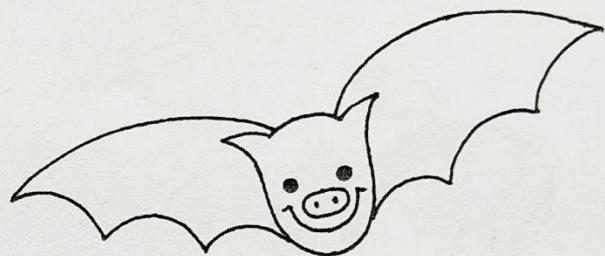

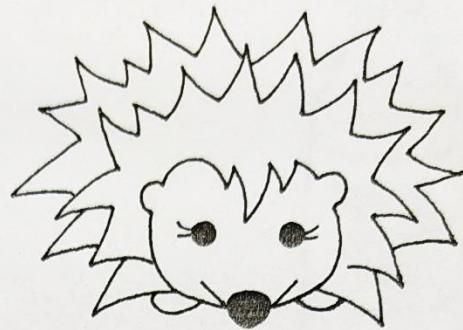

Vyhlašujeme pátrání po slovech s hláskou **U**! Nejdříve žlutě zakroužkuj všechna slova, ve kterých se vyskytuje hláska **U**. Pak ještě červeně zakroužkuj ta slova, jež mají hlásku **U** na začátku.

SLOVA S HLÁSKOU N

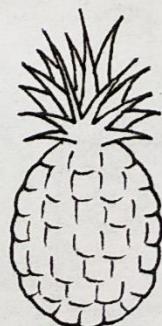

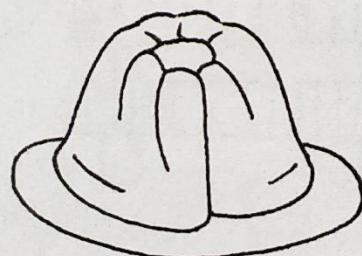

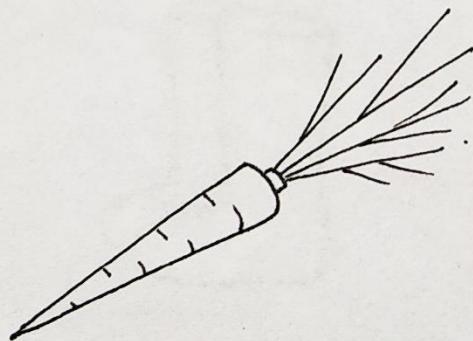

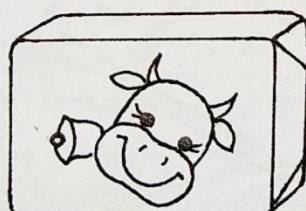

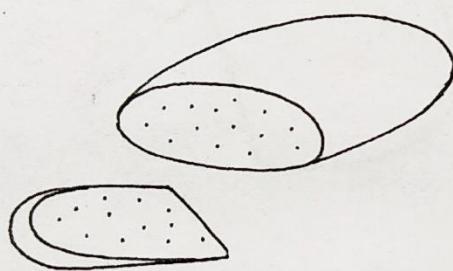

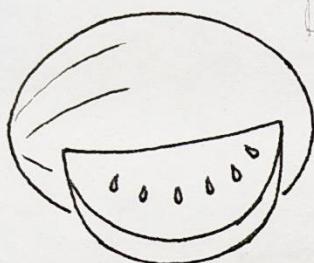

Nyní budeš hledat obrázky s hláskou **N**. Nejprve zakroužkuj žlutě všechna slova s touto hláskou. Pak červenou zakroužkuj ještě ta slova, jež na hlásku **N** začínají. Nakonec najdi a moře zakroužkuj slova, která mají tuto hlásku na konci.

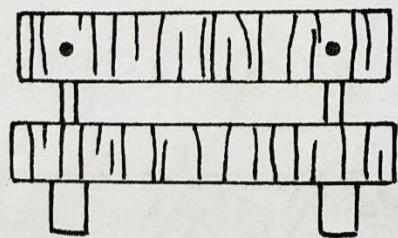

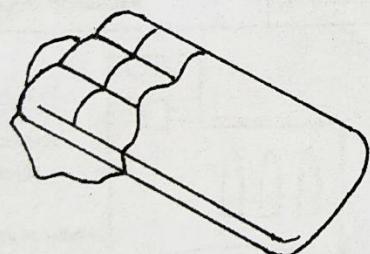

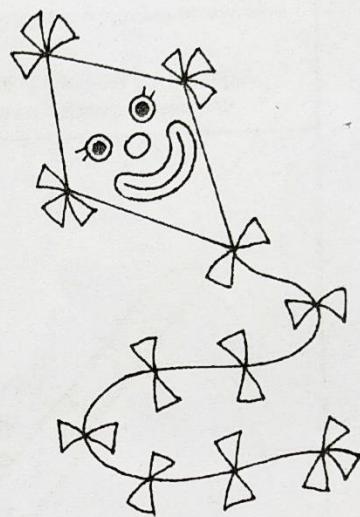

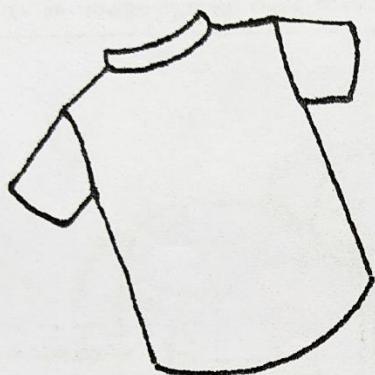

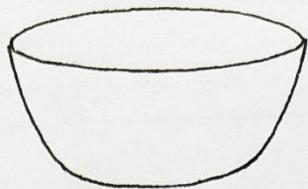

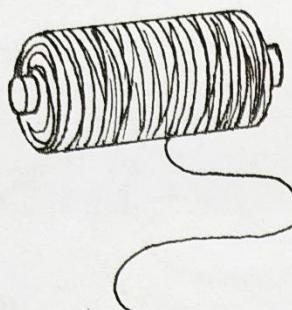

HLÁSKA M

Zakroužkuj všechna slova, u kterých na začátku slyšíš hlásku **M**. Co mají všechny obrázky společného?

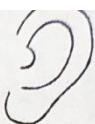

SLOVA S HLASKOU I

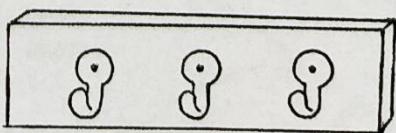

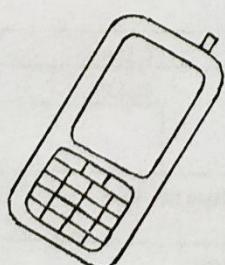

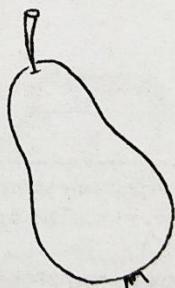

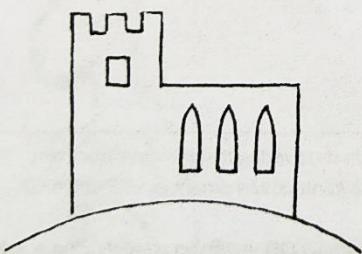

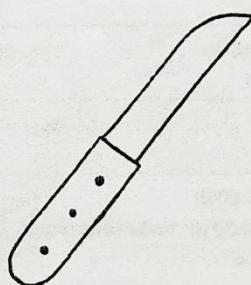

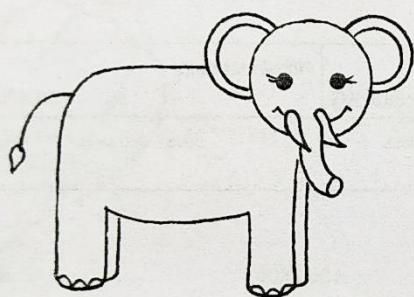

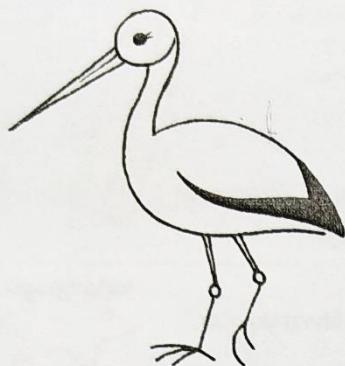

Pátráme po slovech, která v sobě mají hlásku I. Dokážeš všechna najít a zakroužkovat?

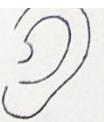

SLOVA S HLÁSKOU A

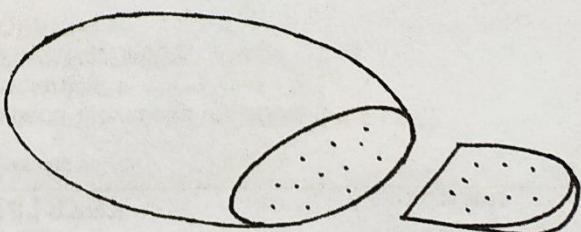

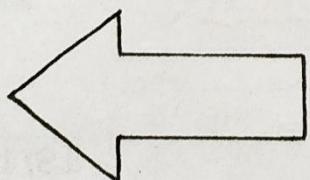

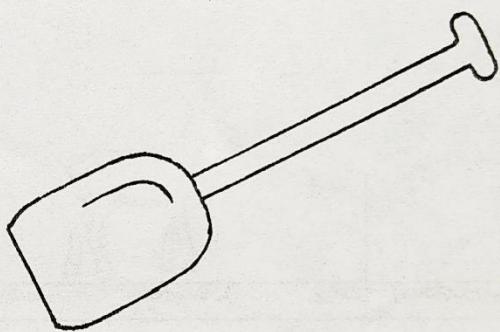

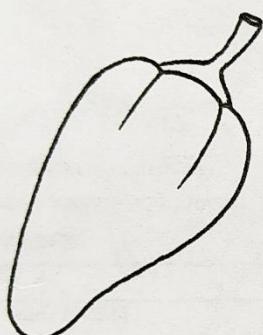

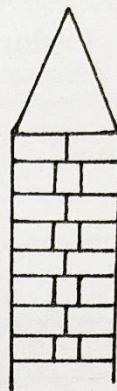

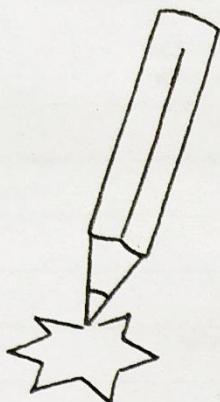

Tvým úkolem je hledat slova, ve kterých slyšíš hlásku **A**. Než začneš, hlásku vyslov nahlas. Pak se můžeš pustit do pátrání. Nejprve každý obrázek pojmenuj. Slyšíš **A**? Pokud ano, obrázek zakroužkuj.

SLOVA S HLÁSKOU P

Vyhlašujeme pátrání po slovech s hláskou **P**! Až všechny obrázky nahlas pojmenuješ, zakroužkuj modře slova s hláskou **P**. Poté červeně zakroužkuj slova s touto hláskou na začátku.

HLÁSKA C

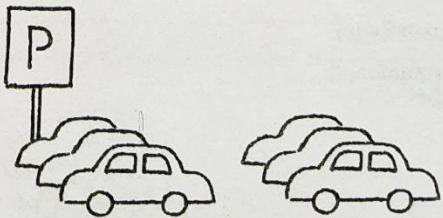

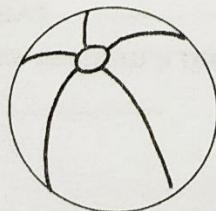

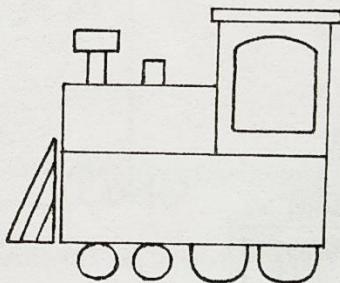

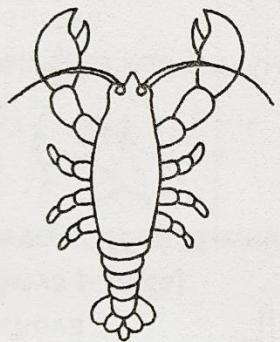

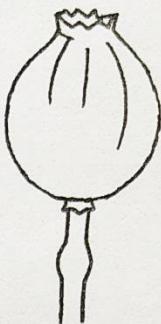

Říkej, co vidíš na obrázku. Najdi slova, kde slyšíš na konci a kde na začátku hlásku **C**. Poznáš, kolik slabik má některé slovo?

KRÁTKÁ A DLOUHÁ SLOVA

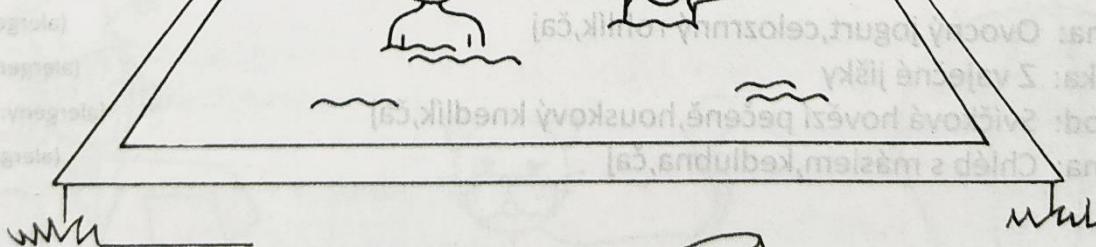

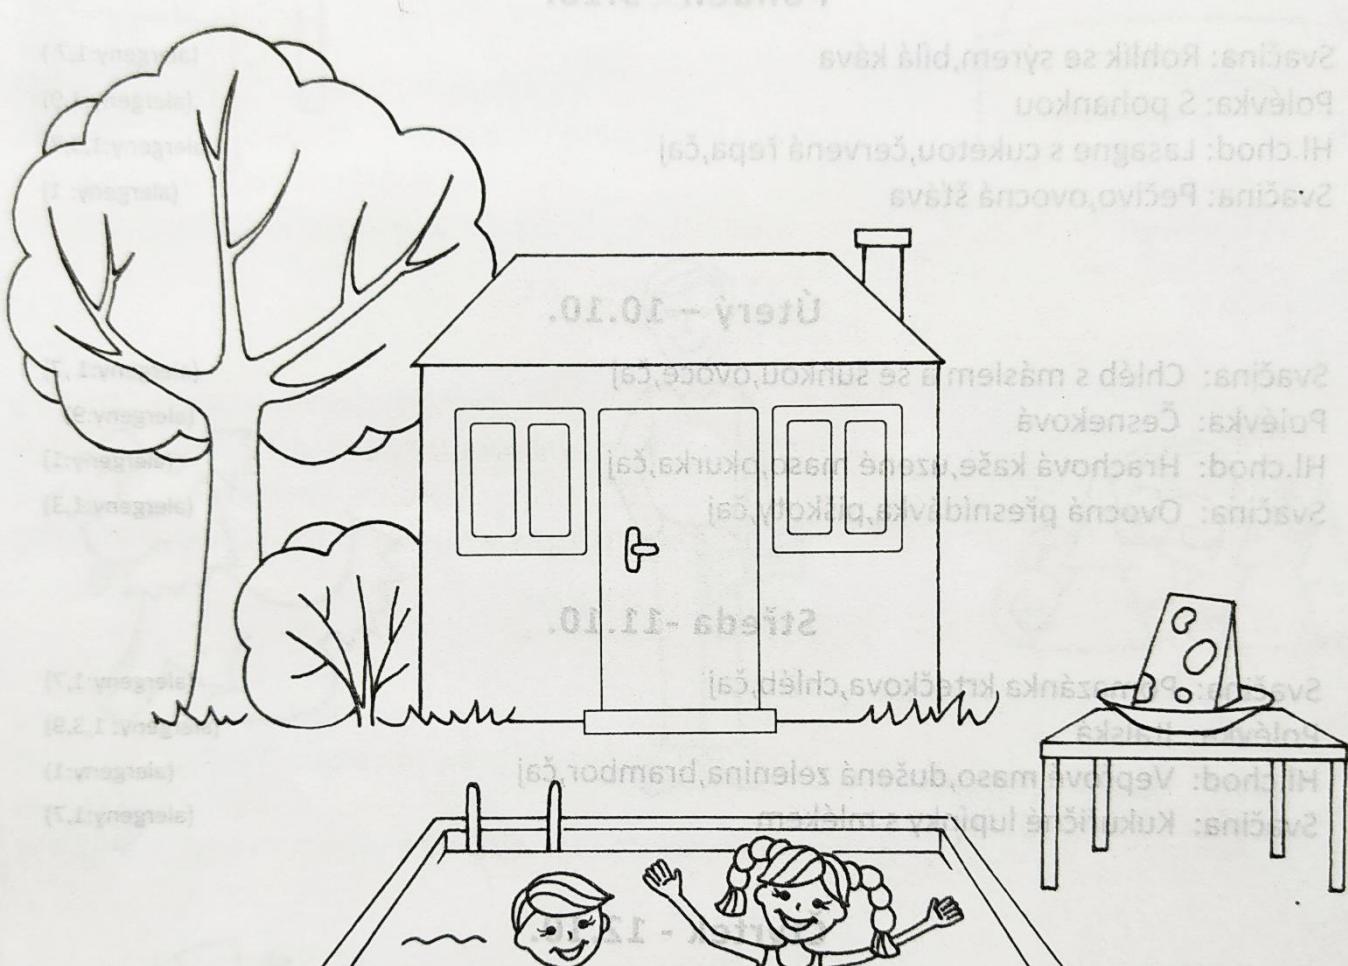

Určitě víš, že některá slova jsou krátká a je snadné je vyslovit, jiná jsou dlouhá a občas si na nich lámeme jazyk. Prohlédni si obrázky a nahlas je pojmenuj. Pak pod každý nakresli značku: pod krátká slova tečku, pod dlouhá čárku.

→ ROBOTICKÁ ŘEČ

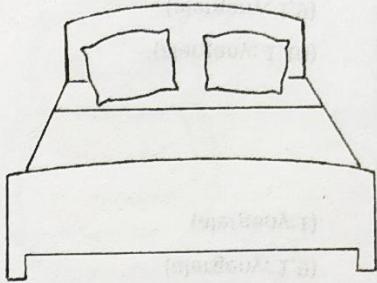

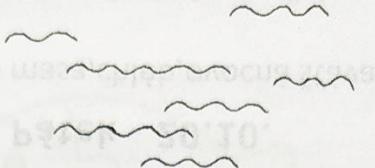

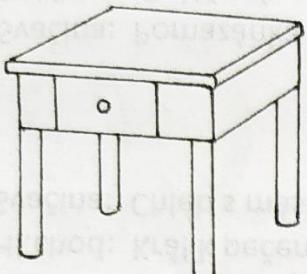

Představ si, že jsi robot a neumíš říkat celá slova, jen hlásky. Každé slovo, které na tomto obrázku najdeš, zkus vyslovit po hláskách a pak dohromady. S rodičem si můžete zahrát takovou malou slovní robotickou přehazovanou.

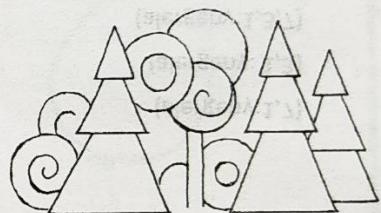

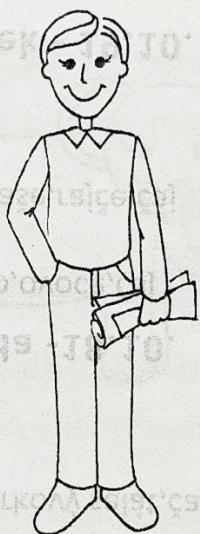

KRÁTCE A DLOUZE

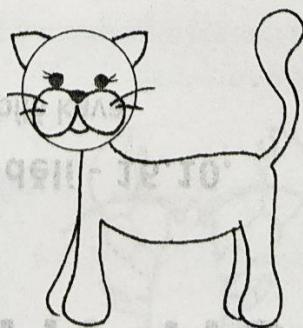

U každého slova na obrázku napiš tolik čárek, kolik má slabik. Teď se po-
kus poznat, které ze slabik vyslovuješ drouze a které krátce. Ty dlouhé ještě
obtáhni červeně.
